

## ADVISORY BOARD MEMBER

Center for Supply Chain Research at Lehigh

### SEONG-JONG JOO

Professor of Logistics and  
Supply Chain Management

Air Force Institute of  
Technology

Seong-Jong Joo is a Professor of Logistics & Supply Chain Management in the Department of Operational Sciences at the Air Force Institute of Technology. He teaches graduate courses in Logistics and Supply Chain Management. Before returning to academia, he had served in the Republic of Korea Air Force (ROKAF) for 21 years as a Supply Officer and retired honorably with the final rank of Lieutenant Colonel. During his service with the ROKAF, he gained practical experience in a variety of areas related to Logistics and Supply Chain Management such as purchasing/supply management, warehousing/inventory management, and logistics/transportation management.

Dr. Joo is a member of Academy of Management, Institute for Supply Management, APICS, Decision Sciences Institute, and POMS.
