The Road Ahead: Technology, Techniques and Tactics
November 8, 2019

ABSTRACT

“Supply Chain 2020: Trends in Strategy and Technology”

GREG AIMI Vice President of Supply Chain Research-Technology
Gartner/AMR Research

Supply chain leaders are balancing transformation and innovation as digital business models disrupt the status quo. This presentation lays out the models leading companies are using and the top technology trends to evaluate as to their role in tomorrow’s supply chains.
