

Dave Broering has over two decades of experience within the non-asset based logistics space. Through that time, he has developed an expertise in creating fast-growing and efficient operations focused on customer service and execution. Dave leads the Brokerage, Intermodal, Global Freight Forwarding, and 4PL services at NFI, one of the largest privately held 3PL's in the US. By combining his upbringing at both American Backhaulers and CH Robinson with his blend of technological focus and operational execution, Dave's Non-Asset division has become one of the fastest growing divisions within NFI.
