JOHN P. GAINOR

RETIRED PRESIDENT AND CHIEF EXECUTIVE OFFICER | INTERNATIONAL DAIRY
QUEEN, INC. | CURRENT DIRECTOR SAIA, INC. AND BLOOMIN' BRANDS, INC.

The establishment of an efficient supply chain is vital for the development and growth of any business. During 2020-2021, supply chain's visibility and importance increased as companies learned to adapt to a challenging Covid-19 business environment. What role will supply chain play in the post Covid-19 world and what are the lessons we have learned? Mr. Gainor will share his experiences from both the transportation industry with Saia, Inc. and the hard-hit restaurant industry with quick-service brand Jack In the Box, Inc. and the casual dining brands of Bloomin' Brands.
