

## ADVISORY BOARD MEMBER

Center for Supply Chain Research at Lehigh

### **BEN HAZEN**

Associate Professor of  
Logistics and Supply  
Chain Management

Air Force Institute of  
Technology (USA)

Ben Hazen is an Associate Professor of Logistics and Supply Chain Management at the Air Force Institute of Technology (USA), and an active duty Air Force officer. As a Faculty Affiliate of the University of Tennessee's Department of Marketing and Supply Chain Management, he conducts research and consulting activities with faculty partners and teaches executive education courses. He enjoys doing research in the areas of sustainability, technology, closed-loop supply chains, and innovation. As a consultant, he has contributed to helping organizations to understand and implement machine learning, blockchain, and other advanced technologies into their supply chains. Ben has published more than 60 peer-reviewed articles in top journals across a variety of disciplines. He serves as a Senior Associate Editor at *International Journal of Physical Distribution and Logistics Management*, an Associate Editor at *Global Journal of Flexible Systems Management*, and is a past Editor-in-Chief of *International Journal of Logistics Management*. Ben now serves as Editor-in-Chief of the new *Journal of Defense Analytics and Logistics*.
