APRIL 13-14, 2023

SPEAKER BIO

FRED KOECK

BUSINESS DEVELOPMENT MANAGER AND SUPPLY CHAIN LINK CONNECTOR,
DERBY SUPPLY CHAIN SOLUTIONS
ADVISORY BOARD MEMBER, CENTER FOR SUPPLY CHAIN RESEARCH AT LEHIGH

Fred is a business development manager and supply chain link connector for Derby Supply Chain Solutions supporting multiple facilities across the United States. Derby Supply Chain Solutions is a value-added 3PL with capabilities in warehousing, contract packaging, assembly and fulfillment. He is responsible for listening and understanding the situational requirements and recommending the appropriate support capabilities across a user's supply chain for today and the future. His experience crosses many market categories including automotive, confections, cosmetics, electronics, food, home and hardware, medical device, military, packaging, personal care, pet care and other consumer products goods.

Fred is president of the Lehigh Valley Roundtable of the Council of Supply Chain Management Professionals. He holds positions on several boards of directors and corporate advisory boards for packaging, wholesale/distribution and tech development businesses.

Fred has a B.A. in economics from Rutgers University and a masters in logistics and supply chain management from Georgia College and State University.
