Lehigh Business Supply Chain Risk Management Index 2nd Quarter 2023

Cybersecurity and Economic Risk are again the two highest risks in the 2nd Quarter of 2023, although this is the first time that Cybersecurity is the highest risk overall. Economic risk has been one of the top 3 risks in every quarter in the last 3 years, but not since the 1st Quarter of 2021 has there been such a low number for economic factors such as energy costs, labor shortages and sudden demand shocks.
