Lehigh Business Supply Chain Risk Management Index

It is time to complete the 3rd Quarter LRMI survey to identify the most important risks facing supply chain managers.

As you know, this survey seeks to differentiate high supply chain risks from low supply chain risks for the 3rd Quarter of 2023.

This survey will take less than 10 minutes to finish; you will be asked to look at 10 supply chain risks and select whether the risks will increase, remain the same or decrease in the next quarter. The responses and your identity will remain anonymous.
