

# CSCRL SPRING SYMPOSIUM

RETHINKING YOUR SUPPLY CHAIN – PREPARING FOR THE FUTURE  
APRIL 11-12, 2024

ABSTRACT

---

## CYBER SUPPLY CHAIN ATTACKS: REGULATIONS, AUDITS & UNCERTAINTY

EDDIE DOYLE

SALES LEADER & KEYNOTE SPEAKER

CHECK POINT SOFTWARE TECHNOLOGIES LTD.

---

Cybersecurity supply chain attacks stop commerce and impact our economy. Law enforcement, the SEC and other regulatory bodies now seek civil and criminal penalties for incompetent cybersecurity controls, holding executive and board members accountable. What are cybersecurity supply chain attacks? In this session, Eddie Doyle will provide the direction needed for enterprise organizations to prevent such attacks and satisfy compliance, despite a perpetually uncertain threat landscape.
