Founder and COO

Astral Insights

Alfonso Albuquerque is the Founder and Chief Operating Officer of Astral Insights, an AI solutions company dedicated to streamlining the supply chain through innovative technologies. Under his leadership, Astral has evolved from a bootstrapped startup into a multimillion-dollar business that delivers AI-driven solutions to clients across manufacturing, transportation, logistics and retail.

At Astral Insights, Alfonso leads a team of experts who leverage cutting-edge AI and data analytics to develop tailored strategies that enhance operational efficiency and resilience. His forward-thinking approach has established Astral as a trusted partner for enterprises seeking to mitigate supply chain disruptions and stay ahead in a rapidly changing global market.

A proud alumnus of Lehigh University's Integrated Business and Engineering program, Alfonso studied mechanical engineering and finance. This robust educational foundation, combined with his passion for technology and entrepreneurship, drives his vision of building more intelligent and self-sufficient supply chain systems for the future.
