

CSCRL SPRING SYMPOSIUM

DOING MORE WITH LESS

APRIL 3-4, 2025

SPEAKER BIO

LARRY MIKSIEWICZ

CHIEF MANUFACTURING OFFICER, EAST PENN MANUFACTURING CO.

As the Chief Manufacturing Officer of East Penn Manufacturing Co., Mr. Miksiewicz brings years of highly effective and experienced oversight to multiple divisions in energy storage, including Automotive, Industrial, Diversified Manufacturing, Purchasing, Metals, Logistics, and Manufacturing Accounting. He also oversees East Penn International (a division that serves the Asia-Pacific market).

With a strong focus on strategic planning, operational efficiency, and capacity management, he ensures that the company's manufacturing and supply chain capabilities align with business goals. His extensive experience over 38 years in manufacturing management includes roles as Sr. VP of Manufacturing & Purchasing, VP of Manufacturing & Purchasing for the Industrial Division, Director of the Industrial division and Plant Manager of East Penn's Specialty plant and Automotive plant.

Mr. Miksiewicz received a B.S. in Industrial Engineering from Lehigh University. He brings a deep technical understanding of manufacturing processes, supply chain management, and continuous improvement as well as a commitment to innovation and workforce development.
