

ADVISORY COUNCIL MEMBER

Center for Supply Chain Research at Lehigh

R. SCOTT TRIPP
Managing Director

Grant Thornton Advisors
LLC

Scott Tripp is a senior-level management consultant with 16+ years of demonstrated expertise helping organizations achieve breakthrough levels of operational performance and optimize their finance, technology, and supply chain functions.

Scott has in-depth experience in the areas of business and finance transformation, applying cutting-edge best practices and analytical methods to help companies reduce cost, improve efficiency, and increase production speed and scalability. He is able to draw upon subject matter expertise in change leadership and process improvement, along with extensive soft skills in the areas of communication, collaboration, relationship-building, and influencing/advising at the CxO-level.

Scott's educational credentials include an MBA in Finance and BS in Mechanical Engineering from Lehigh University -- as well as completion of a study abroad program in the Czech Republic on International Business & Economics.
